

GARDEN

The Belgian interior designer Axel Vervoordt designed the industrial style of Garden restaurant, located at the hotel's ground floor. The use of natural materials and the artfully positioned light in the lofty winter garden gives the impression of an artist's studio. The restaurant is separated from the Garden Salon through a fireplace. The sliding glass doors to the Garden Terrasse (terrace) with a pergola can be opened completely. The bar is the perfect place for an aperitif.
