

Excellence in Business Aviation

BHS AVIATION: EXCELLENCE IN BUSINESS AVIATION

OUR PASSION FOR EXCELLENT PERFORMANCE

BHS Aviation has years of experience and comprehensive expertise in business aviation, and our strong market presence is a solid foundation for our extensive service portfolio. The BHS Aviation Group is a leader in aircraft management and charter, airport handling services and consulting.

OUR PASSION FOR TOP QUALITY

As one of Central Europe's leading companies in the business aviation industry, we do not only specialize in helicopter operations, we also perfectly understand the needs and expectations of our international clients and partners. We provide fast, super-efficient 100% VIP transport and coordinated logistics service from door to door, including helicopter, private jet, limousine service/ground transportation – all from a single source

OUR PASSION FOR PERFECT SERVICE

Our philosophy is based on customer focus and perfection right down to the last detail. Each element is designed and built to meet your needs at all times in a professional, cost – efficient way. A highly skilled and motivated team of experts guarantees you a harmonious and consistently excellent travel experience – on board and on the ground.

OUR UNCONDITIONAL COMMITMENT TO UNCONDITIONAL SAFETY

Legal requirements are only a starting point for us – for us, excellence is much more than this. We consistently invest in the training and development of our personnel and in the further expansion of our sites and services.

THE VIP CARRIER IN GERMANY AND SWITZERLAND

Our commitment to an uncompromisingly high level of quality in all of our services, our broad and diverse fleet combined with decades of experience make BHS Aviation Group one of Europe's market leaders in business aviation for jets and helicopters today.

For over twenty years, we, BHS Aviation (formerly known as DC Aviation Switzerland or Jet-Link & Heli-Link), have set the benchmark in the Swiss market for unsurpassed safety and the highest echelons of service quality. In its early years, Heli-Link was the "Only Official Carrier" of the "World Economic Forum" and we gained priceless experience not only in transporting participants, but also in providing them with related information and/or additional services.

Located in Bamberg and Zurich, we commercially operate a fleet of VIP AW139, AW109SP, two EC155s and an EC135 under Swiss and German AOCs for the owners and for 3rd party charters, focusing on Switzerland, Germany and the surrounding countries. We also operate and manage private helicopters on Super Yachts, fully authorized by foreign aircraft registers (e.g. San Marino, Isle of Man, etc.).

Our general permit for external take-offs and landings in Switzerland and Germany gives us direct access to individual destinations. Our modern, comfortably appointed business helicopters provide passengers with safe, fast and relaxing travel to their destinations.

In addition to the helicopter charter, our services include professional hiring and training of crews, dispatch, operations and technical support for any type of helicopter along with charter sales services for helicopters and aircraft. On request, we can also assist you or your customers with the purchase and sale, specification and delivery support of new or pre-owned helicopters.

Experience BHS Aviation's comprehensive VIP service and discover a tailor-made concierge service built around your flight.

SPECIFICATION

Length incl. Rotor:	16,62 m
Fuselage length:	13,77 m
Height:	4,98 m

SERVICE

- Choice of beverages and snacks

AIRBUS HELICOPTERS EC135

EC135 passengers enjoy an exceptionally fast and smooth ride. The high-set main rotor and the shrouded tail rotor enhance in-flight and on-ground safety.

With its low sound and vibration levels, the atmosphere is pleasant, stress-free, and restful for passengers and crew.

BUSINESS SERVICES

EXECUTIVE CHARTER

As a leading provider of business aviation services, we are highly capable of understanding your needs and demands as an international business traveler. Combining our fleet of modern VIP helicopters together with Europe's best charter aircraft operators enables us to provide a fast, super-efficient 100% VIP transport and coordinated logistics service from door to door, including helicopter, aircraft and limousine service – all from a single source.

AIRCRAFT MANAGEMENT

Whether you need full-service management or specific support functions like dispatch, crew services, or fuel purchasing, you can rely on our decades of experience in ensuring the highest operating standards.

HANDLING SERVICES

Strict airport criteria must be met for departures and landings. BHS Aviation ensures you to receive the best-in-class service, with experienced and motivated staff who are not only capable of handling normal, day-to-day procedures, but are also able to manage special requests and create individually tailored solutions. From arrival to departure and beyond, all private or business travel needs are met with uncommon dedication and personalized care.
